PROFESSIONAL INDEMNITY AT ASSUREDPARTNERS

At AssuredPartners we understand that safeguarding your business is paramount, especially when professional advice or services are at the core of your operations. Professional Indemnity Insurance is a critical component for any business where the risk of financial loss to a third party exists; claims can be complex and costly, both in defence and settlement. Our Professional Indemnity policies provide comprehensive coverage ensuring that your business remains resilient and can continue to thrive under the protection of our policy.

Specialising in the placement of Professional Indemnity policies in the London Market, our Professional Indemnity division caters to a diverse range of domestic and international businesses, offering tailored solutions that include both primary and excess layer insurance policies. We bring a fresh perspective to market placement, with a commitment to delivering an open market strategy.
